

## § 3430.1005

*Subcenter.* Except for funds available for administrative expenses as provided in §3430.1005(b), the remainder of the funds must be used for multi-institutional and multistate research, extension, and education programs on technology development and multi-institutional and multistate integrated research, extension, and education programs on technology implementation, in a manner consistent with the purposes described in §3430.1001.

(b) *Special provisions for the Western Center and Western Insular Pacific Subcenter.* Funds provided by NIFA to the Western Insular Pacific Subcenter shall come from an allocation of a portion of the funds received by the Western Center, as directed by NIFA in the program solicitation, rather than directly from NIFA. For the Center, the phrase “funds provided by NIFA” in paragraph (a) of this section refers to those funds provided by NIFA for the Sun Grant Program that are not allocated to the Subcenter. For the Subcenter, the phrase “funds provided by NIFA” in paragraph (a) of this section refers to those funds that are allocated to the Subcenter.

(c) *Priorities.* For the regional competitive grants program under paragraph (a)(1) of this section, the Centers and Subcenter shall use the plan approved by NIFA under §3430.1007 in making subawards and shall give a higher priority to proposals that are consistent with the plan.

## § 3430.1005 Funding restrictions.

(c) *Indirect cost provisions for research, extension, and education activities conducted at the Centers and Subcenter.* Subject to §3430.54, indirect costs are allowable for the funds provided by NIFA to the Centers and the Subcenter for the research, extension, and education programs under §3430.1004(a)(2).

(d) *Required allocations.* Each Center and Subcenter must fund subgrants in a proportion that is a minimum 30 percent for conducting multi-institutional and multistate research, extension, and education programs on technology development; and a minimum 30 percent for conducting integrated multi-institutional and multistate research, extension, and education programs on technology implementation. Each Sun Grant Center must clearly demonstrate a common procedure for ensuring the required allocations are met, and for maintaining documentation of these required percentages for audit purposes.

## § 3430.1006 Matching requirements.

(a) *Matching provisions for the Centers and Subcenter.* The Centers and the Subcenter are not required to match Federal funds.

(b) *Matching provisions for subawards.* For subawards made by the Centers or Subcenter through the competitive grants process, not less than 20 percent of the cost of an activity must be matched with funds, including in-kind contributions, from a non-Federal source, by the subawardee.

(1) *Exception for fundamental research.* This matching requirement does not apply to fundamental research (as defined in §3430.2).

(2) *Special matching provisions for applied research.* With prior approval by the NIFA authorized departmental officer (ADO), the Center or Subcenter may reduce or eliminate the matching requirement for applied research (as defined in §3430.2) if the Center or Subcenter determines that the reduction is necessary and appropriate pursuant to guidance issued by NIFA.
